Rules and Regulations of Quads

THERE IS NO COED RULE

Tips: No open hand tips. Role shots, poke, cobra are options.

Double Contact: Players may double a hard driven ball. Hands do not need to be together. **No setting the serve.**

Let serves and foot digs: Legal

Blocking: Is not counted as a team contact in quads.

Setting: Must be clean! When the ball is set into the opponent's court, the setter's shoulders must be "Squared Up" or Perpendicular to the line of flight of the ball.

Time Outs: Each team is allowed two 30 second timeouts per set. Timeout may be called prior to serve-receiving the ball on either side of the court.

Side Changes: Teams should switch sides of the court after every 7 points are scored all together in games to 21 or 28. For games to 15 every 5 points combined.

Balls called "in" or "out": Players are honest and call in or out. If we have refs they will have final say if there is a conflict. They may use the ball mark to aid in the decision. Replay point if unsure.

Warm-Ups: Captains meet and flip a coin or rock, paper, scissors to determine: Serve/ Receive/ Side and Ball. 10 minutes shared warmups for the first round of play for the day. 5 minutes shared for all other matches. You may warm up off the court just don't interfere with other matches being played.

Score: Players announce score before serving. If we have refs they will have final say on score if there is a discrepancy. Parents/Spectators please do not intervene with the score. Allow players to do it themselves.

Interference: Players are allowed to go under the "centerline" of the court as long as there is NO CONTACT or interference.

Screen: Serve receive player may call "SCREEN" if a player is blocking the view of the server. The player must move so vision is restored. If a ball is accidentally served because the server does not hear the call, an automatic re-serve occurs.

If there are Refs: Both players of the assigned team are required to ref and sit at the court. They will have final say on all calls during the game when there are conflicts. Refs are responsible for turning in the final scores with the winning team circled - to the tournament director. At no time should there be any yelling. Please contact the tournament director if you have any questions about a call or feel you are being treated disrespectfully. Let's be positive, have fun and have great sportsmanship!

All players are on their honor and need to make their own calls on their side of the sand. If there is a discrepancy we discuss in a positive manner and refs will make the final call. Every serve must result in a point, side-out, or a replay. Captains need to be responsible for their team.

The Sandlot Facility Rules & Policies

All Events at The Sandlot will be staffed and supervised with MSC Staff for your safety and the comfort of all our guests. Please adhere to the following:

- 1. At The Sandlot the safety of the athletes, players, and spectators are our top priority!*
